11 New and Choice Roses

CHARLES P. KILHAM. Perfect long pointed buds opening to beautifully-formed, double flowers of bright oriental red, flushed with orange and glowing scarlet. Vigorous grower and profuse bloomer. 50c each.

Cuba. Though only semi-double, the coloring of this rose makes up for the lack of petals. A scintillating vermillion-scarlet over-laying an orange background. The bush is vigorous in growth and has rich dark green foliage. 40c each

E. G. HILL. Immense flowers of dazzling scarlet shading deeper as the flower matures; it does not turn blue when old. Very fine; can not be too highly recommended. 50c each.

ETOILE DE FEU. Large flowers of flaming orange salmon. A very hardy grower that is destined to be very popular. 50c each.

EDITH NELLIE PERKINS. A rose of distinct coloring, being a combination of cream and bluish-pink shade with orange at the base. The plant is a good bloomer and robust grower. 35c each.

FEU JOSEPH LOOYMANS. Long pointed buds which develop into moderately full flowers of orange-apricot. Not a very rapid grower, but blooms very freely. 40c each.

GOLDEN DAWN. A fine vigorous rose from Australia. Oval buds of sunflower yellow flushed with old rose, opening to large double flowers of canary yellow. 50c each.

IMPRESS. Gigantic, very double flowers. The buds are rich orange red, and open to glowing salmon with a yellow sheen. 50c each.

LUCIE MARIE. A truly beautiful flower with a delightful fragrance. Flowers are apricot-yellow with cerise shadings. The plant is one of the most vigorous growers we have. 50c each.

PRESIDENT HOOVER. A charming flower with perfect buds of orange yellow, tinted with red. 50c each.

TALISMAN. All that the name implies. This wonderful rose has been awarded more gold medals than any other American rose yet introduced. It is now so popular that it hardly needs describing.

.....

In fact the glorious combinations of gold-apricot, yellow, deep pink and old rose are beyond description. 40c each.

SPECIAL COLLECTION. Your choice of any 10 of the above 11 roses for \$4.00

Standard Varieties

rose. Perfect buds of deep orange opening to rich satiny old gold veined with crimson. 35c each.

KAISERIN AUGUSTA VICTORIA. Soft, pearly white slightly tinted with lemon in the center. Wonderfully scented, beautifully formed buds and flowers on long stiff stems. 35c each.

LOS ANGELES. Without doubt the most popular rose ever introduced. It produces an endless succession of luminous salmon-pink buds and flowers. 30c each.

L. C. BRESLAU. Long oval buds of coral-red shaded with chrome yellow, developing into fragrant flowers which present other novel shades. 35c each.

MARGARET McGREDY. A rather new rose of striking appearance from the British Isles. The flowers are a rich Turkish red which changes as they age to carmine-rose. Very sweet odor and excellent as a cut flower. 40c each.

MISS ROWENA THOM. A splendid new rose. The color is a rich carmine suffused with orange and shading to golden-orange at the base of the petals. 40c each.

MRS. E. P. THOM. A charming rose of pure lemon yellow. The buds are long and perfect developing into large double flowers. A very profuse bloomer and strong grower. 40c each.

MRS. A. R. BARRACLOUGH. This beautiful pink rose has everything in its favor; size, fragrance, fullness of bud and flowers, and a color of pure pink shading to yellow at the base. Cannot be too highly recommended. 40c each.

MRS. LOVELL SWISHER. A lovely rose of salmon-pink, deepening to copper-pink at the center. Sturdy grower and free bloomer. 35c each.

MME. BUTTERFLY. A delightful combination of pink and yellow. 30c each.

NORMAN LAMBERT. A striking rose. The outside of the petals is chrome-yellow with a marginal effect of orange-scarlet. The inside is orange salmon suffused with bronze, shading to yellow at the base. The flowers are double, of medium size, and sweet scented. 40c each.

PADRE. The rich coppery-scarlet flowers are

produced on long straight stems. Semi-double flowers, but a very profuse bloomer. 30c each.

PINK RADIANCE. Succeeds unusually well from the coast to the hot interior valleys. Flowers are a brilliant, rosy, opaline pink, large, and have a sweet fragrance. Very free blooming. 30c each.

RED RADIANCE. A counter part of the Pink Radiance except for the color which is a glowing crimson. 30c each.

REV. F. PAGE ROBERTS. Not a new rose but one that has proven remarkably satisfactory in recent years. Long pointed buds of coppery-red which open to beautiful double flowers of vivid golden yellow on the inner side. A strong grower with rich dark green foliage. 35c each.

ROSE MARIE. A perfect formed flower; deep rose-pink with beautifully veined petals and a rich sweet perfume. Flowers are produced in great abundance on long stiff stems. 30c each.

SHOT SILK. The general color effect of this charming rose is a delightful salmon-pink. 30c each.

SOUV. DE CLAUDIUS PERNET. A very fine yellow rose; popular because the sunflower yellow blooms retain their color well. 30c each.

VILLE DE PARIS. The best yellow rose yet introduced. Long perfect buds of clear yellow which open to double flowers of the same shade. A vigorous grower and heavy producer having excellent foliage. 40c each.

Climbing Roses

35c each — 3 for \$1.00

BELLE OF PORTUGAL. One of the finest pink climbing roses. Beautiful long, graceful buds of soft dawn-pink. Very vigorous grower.

CECIL BRUNNER. Miniature flowers identical to the well known bush variety. A strong grower.

GENERAL MCARTHUR. Flowers of deep red, equal in color and fragrance, to the bush variety.

GOLDEN EMBLEM. Without doubt, the best yellow climber. The flowers are larger than the bush variety, and the long shapely buds of rich yellow are beautifully tinted with crimson on the outer side of the petals, opening to flowers of clear golden yellow. The plant is mildew proof and a good grower.

HADLEY. Flowers and buds are rich dark crimson. It is very popular and is considered by many to be the best red climber.

HOOSIER BEAUTY. The bright deep red flowers are exact duplicates of the bush variety, and are born in profusion during a long season.

KAISERIN AUGUSTA VICTORIA. Exquisite buds and flowers of ivory-white.

L. C. BRESLAU. Long oval buds of coral-red shaded with chrome-yellow, opening to full flowers which present other lovely shades of apricot, salmon and coral.

LOS ANGELES. A very fine climber of medium growth with flowers of salmon and apricot-pink.

MARECHAL NEIL. A very popular old favorite. The flowers of lemon yellow are produced the year around with great profusion. A sturdy grower.

PAUL'S SCARLET. The brightest red rose grown. A very strong grower producing, in the Spring, great clusters of brilliant blooms.

RED RADIANCE. Long a favorite in the bush variety, and now a popular climber. Flowers are similar in color and shape to the bush variety.

ROSE MARIE. Exquisite pink flowers indetical to the bush variety. Cannot be too highly recommended.

SOUV. DE CLADIUS PERNET. A lovely yellow climber which has proven very satisfactory.

SUNBURST. Beautiful buds and flowers of brilliant golden yellow produced very freely. A sturdy, vigorous grower.
